NUMBER 66

World War Heroes At Final Resting Place

The remains of Lieut. Charles E. Blevins and James C. Gibbs, Montgomery county heroes who lost their lives in the late World War, were laid to rest with full military honors in Macphelah Cemetery yesterday. The bodies landed in Hoboken, N. J., May 20th and were shipped to this city, arriving on Sunday morning. The funeral services for Lieutenant Blevins took place at ten o'clock at the grave by the Rev. Clyde Darsie, assisted by the Rev. Bruce Trimble, of the Christian church. Pangburn Post of the American Legion, under command of Lieutenant C. T. Coleman and Lieutenant Stanley Brown, marched in a body at the head of the funeral cortege and assisted in the services, which were most impressive. A male quartette, composed of Messrs. Donald Quisenberry, Walter Quisenberry, A. C. Quisenberry and A. C. Baker sang, "Keep Close to Jesus," and other favorite songs of the dead officers. As the flag-draped casket was lowered into the grave rifles were fired and later taps were sounded, in accordance with military custom.

The funeral of Private Gibbs was held this afternoon at 3 o'clock by Rev. Harlan Murphy, of Morgan county, assisted by Pangburn Post of the American Legion, Mrs. Jack Burbridge and Mrs. Roger Drake lending their lovely voices to this solemn and beautiful occasion.

The banks and all business houses of the city closed their doors during the funeral hours out of respect to the memory of the two Montgomery boys who made the supreme sacrifice in giving their lives to their country, the first of our men to be returned to rest in their native soil.

INSURANCE MEN MEET

The fourth annual convention of the agents and employees of the Kentucky Central Life and Accident Insurance Company, which was in session at the home office at Anchorage Thursday and Friday of last week, closed Friday with a banquet at the Tyler Hotel. Agents from Ohio, West Virginia, Kentucky and Indiana, numbering several hundred, were in attendance. Governor Morrow addressed the agents Thursday at a flag-raising on "The Flag and What it Means to Each Citizen of the Country." Reports made by the executive officers of the company showed a large growth in business. E. B. Taul and Charles Hazelrigg, local agents, were in attendance.

Growers of Tobacco Seek Investigation

Declaring that loose leaf tobacco had been forced below the cost of production by what he described as a "tobacco trust," Representative Fields, Democrat, Kentucky, urged the House Interstate Commerce Committee in Washington to take favorable action on his resolution directing the Federal Trade Commission to investigate tobacco manufacturers.

Mr. Fields said that composing the "trust" of which he complained, were the American Tobacco Company, Liggett and Myers and the R. J. Reynolds Company, and P. Lorillard Tobacco Company. He added that he was unable to explain the details of their organization.

Mr. Fields said that although there was no over-production in 1919, natural leaf tobacco was selling at its lowest price in 10 years, while there had been no decline in the price of the manufactured product.

Irvine Wins Game

The Mt. Sterling Baseball team met defeat on the local grounds Sunday afternoon at the hands of the Irvine team by the score of 13 to 8 in the poorest played game of the season. A large crowd was present and the poor showing of the local boys was a keen disappointment. The boys all seemed to have had an off day and it was the belief of all present had they been playing their usual game there would have been a different story. The Lexington Reserves will be the attraction for next Sunday and a splendid game is anticipated.

ASKS \$5,000 DAMAGES FROM DEAD MAN'S ESTATE

Suit to collect \$5,000 damages growing out of an accident on the Paris pike on June 1, 1919, since which time S. English Anderson, alleged to have been in fault, has died, was filed in Circuit court against Judson Anderson, administrator of S. English Anderson, deceased. The suit is brought by C. F. Smart, guardian of Robert J. Smart, an infant over 14 years old, and Robert J. Smart, suing by his guardian, C. F. Smart.

While riding a motorcycle Robert J. Smart was struck by an automobile driven by S. English Anderson, the plaintiff's petition charges, and alleges carelessness on Anderson's part. It is stated Robert J. Smart was damaged to the extent of \$5,000 and his physicians' and hospital bill amounted to \$175 additional. Judgment for \$5,000 with interest from June 1, 1919, is asked. Dennis Dundon and S. M. Wilson, attorneys for plaintiffs. The suit is No. 3398.—Lexington Leader.

Report of the N. E. A. on Advertising

St. Paul, Minn.—The special committee of the National Editorial Association, which has had in charge the study of conditions so as to make recommendations to the members of the N. E. A. and all other publishers of papers with a circulation up to 5,000, has made its report and it is just given out by H. C. Hotelling, field secretary of the association.

The committee is composed of men who have had opportunities of study probably not equaled by the average publisher, and includes President Edward Altright, Gallatin, Tenn.; R. T. Porte, Salt Lake City; F. K. Whiting, Owatonna, Minn.; H. U. Bailey, Princeton, Ill.; George T. Haubrich, field secretary of the Colorado Editorial association, Greeley, Col.; O. O. Buck, field secretary of the Nebraska Press Association, Harvard, Neb.; G. L. Caswell, field secretary of the Iowa Press Association, Ames, Ia., and H. C. Hotelling, field secretary of the National Editorial Association, St. Paul, Minn.

The committee had also in consultation with them in an advisory capacity B. S. Herbert, of the National Printer-Journalist, Chicago; Harry Hillman, of the Inland Printer, Chicago, and W. A. Huse, vice president of the American Press Association, New York.

The report of the committee is herewith printed in full, as is also some comments and explanations by E. K. Whiting, of the Journal-Chronicle, Owatonna, Minn., which he has issued in folder form to be mailed out with the report of the committee.

The special committee of the National Editorial Association appointed to study the selling price for advertising space in weekly newspapers based on known costs of production, recommends the following rates per inch:

- For newspapers of 500 or less circulation, 20 cents.
- For newspapers of 1,000 or less circulation, 25 cents.
- For newspapers of 1,500 or less circulation, 30 cents.
- For newspapers of 2,000 or less circulation, 35 cents.
- For newspapers of 2,500 or less circulation, 40 cents.
- For newspapers of 3,000 or less circulation, 43 cents.
- For newspapers of 3,500 or less circulation, 46 cents.
- For newspapers of 4,000 or less circulation, 49 cents.
- For newspapers of 4,500 or less circulation, 52 cents.
- For newspapers of 5,000 or less circulation, 55 cents.

After a thorough study of the present situation, the members of the committee were unanimous in the opinion that the prevailing rates for advertising in community newspapers are much too low and that these rates do not compare with the increased cost of other commodities.

MT STERLING BOY TAKES POSITION

In the class of 1920, College of Engineering, University of Kentucky, is the following report: J. T. Guthrie, 23 years old, Mt. Sterling, Kentucky, B. S. in C. E., will enter the employ of the American Bridge Company, Ambridge, Ind.

This report speaks well of young Guthrie and conveys encomiums far in excess of what could be given even by his closest friends who are unacquainted with the degrees attained in a university of the highest class. We take this method of congratulating and commending Thomson Guthrie, Thomson is the only son of Mrs. W. P. Guthrie and her many friends on receipt of this notice will rejoice with the honored mother and other relatives and friends.

New War Risk Ruling and Compensation

H. G. Hoffman, of this city, who has handled for the ex-service boys of this county practically all matters pertaining to their government insurance and compensation, has called our attention to the following and suggested that we publish for the benefit of those interested. Mr. Hoffman very kindly tenders his services to those who may wish to avail themselves of it.

A bulletin entitled "New Provisions For Compensation and Medical and Surgical Care and Supplies Under the War Risk," and officially listed as "LD-30," is announced by Director R. G. Cholmeley-Jones of the Bureau of War Risk Insurance, as ready for distribution.

The circular which is addressed to former service men and a copy of which may be obtained from the Bureau of War Risk Insurance, sets forth the warning that a certificate of inquiry from the Bureau, within one year from the date of discharge or resignation, is necessary to preserve eligibility for compensation on the part of anyone who received injury or contracted disease while in the service. To quote the bulletin: "No compensation is payable unless the disability or death can be traced to an injury or a disease incurred in the service."

"Many persons, however, have received injuries or contracted disease in the service and the ill effects thereof do not appear until some time after their discharge or resignation. If the disability resulting from the injury or disease contracted in the service does not occur before one year after discharge or resignation you may be unable to obtain compensation, for the law provides that when such disability or death occurs as shown by the medical evidence after one year after your discharge, a certificate of injury must have been obtained from the Director of the Bureau, within the year from the date of your discharge in order that the government may pay you, or your dependents."

"If you were injured or contracted disease while in the service, even though the injury or disease was of a minor character, be sure to apply for a certificate of injury before one year after the date of your discharge or resignation, in order to protect yourself and your dependents. Act now."

"Do not fail to get this certificate if you sustained injury or disease in the service which, even though it may not bother you now, may become aggravated hereafter. Apply to the nearest District Supervisor of the Public Health Service, or write to the Chief Medical Advisor, Bureau of War Risk Insurance, Washington, D. C., giving your full name, serial number, and organization, and rank at the time of discharge or resignation."

The Compensation and Insurance Claims Division of the Bureau has approved 147,081 claims for compensation on account of disability through service, and now is making payments thereon each month to the extent of \$4,488,558.31.

Mrs. Spratt's Mother Dies in Louisville

Mrs. Roger L. Spratt was notified Sunday of the sudden death of her mother, Mrs. Harding, in Louisville. Mrs. Spratt, accompanied by Dr. Spratt left immediately for that city. Accompanied by the family the remains were taken to her old home at Bloomfield, Ky., where funeral services and burial took place yesterday. Mrs. Harding has frequently visited her daughter in this city and made many warm friends who will deeply regret to hear of her death.

Baccalaureate Sermon

A large and cultured audience gathered at the Baptist church Sunday evening to hear the Baccalaureate sermon delivered to the graduating class from the Mt. Sterling High School by the Rev. R. C. Goldsmith. The class was a fine looking body of young men and women who had finished the prescribed course of this institution. John 10:10 furnished the basis for the sermon of character and service. The sermon was free from the usual paths for such occasions and was pronounced an effort in perfect accord with the occasion, dealing with thoughts new as drawn from the old.

The closest attention was given the speaker who furnished poetic genius, prose from the Master's and oratory closely akin to that delivered in days gone by, by our own Breckinridges, Clays and Marshalls. The thoughts stored and woven into the warp and woof of men and women would give them an inheritance to all that is worth living for.

United Clothing Store Sold to Salesmen

T. M. Boone, Jr., proprietor of the United Clothing Store in this city, has sold the stock and entire business to L. H. Hombs and J. O. Heibel, who have taken possession and will open for business tomorrow. Both of these gentlemen come highly recommended and are successful traveling salesmen. Mr. Hombs has been making headquarters in Lexington and Mr. Heibel is from Columbia, Mo. They have had quite a lot of experience in the clothing business and feel sure they will succeed. They have leased the present location from the Julian Heirs for five years and will handle only the very best. H. B. Turner and R. H. Dale, who have had charge of the store, will engage in other work. The new proprietors are both married men and will move their families to this city within the next few days.
